

A.M. Isala Senvin Adikari

Objective

- Motivated Biotechnology undergraduate at SLIIT with a strong foundation in microbiology, laboratory techniques, and analytical tools including autoclaves, laminar flow hoods, and LIMS. Seeking to apply my academic knowledge and hands-on laboratory skills in a dynamic role as Senior Microbiologist cum Laboratory Manager, with the goal of contributing to high-quality microbiological research and laboratory operations.

Personal details

- **Address-** 307/3, Ihala Parabewila, Colombo Rd, Pothuhera.
- **Email Address-** isalaadikari622@gmail.com.
- **Phone number-** +94 774536874

Education Qualifications

BSc (Hons) in Biotechnology

- *Sri Lanka Institute of Information Technology (SLIIT), Malabe Campus*
- Duration: 2026 – Present (Current Undergraduate)

Pearson Edexcel International Advanced Level (IAL)

- Biology, Chemistry and Physics subjects
- Primary focus points include Organic Chemistry, Molecular Genetics, Biological Systems, and Laboratory Practical Skills.

Pearson Edexcel International General Certificate of Secondary Education (IGCSE / O-Level)

- Mathematics A*, English A*, Physics A, Chemistry A*, Biology A*, Sinhala A, ICT A*
- Covers all core subjects in all areas.

Technical proficiency

- Familiar with Microbiological culturing and analytical tools, such as Autoclaves & Sterilization Systems, laminar Flow Hoods & Biosafety Cabinets (Class II), Incubators & Shakers. Proficiency in Digital Systems & Laboratory Data Management, which involve LIMS (Laboratory Information Management Systems), Data Logging & Statistical Analysis, Digital Document Control Systems.
